

Model		HD210
ITEM		
Vehicle Type		Cargo
Cab type / Deck Height		Sleeper Cab / High Deck
Wheel Base		Ultra Long
Drive System		LHD, 6 X 2
Application Engines	D6GA2B	D6GA224
Dimensions (mm)		
Wheel Base		5,695
Overall (C/Cab)	Length	9,509
	Width	2,255
	Height	2,585
Wheel Tread	Front	1,855
	Rear	1,660
Overhang (C/Cab)	Front	1,285
	Rear	2,460
Body Offset		970
Min. Ground Clearance		189
Weight (kg)		
Chassis Cab Weight		5,010
	Front	2,988
	Rear	2,022
Max. Gross Vehicle Weight		22,100
	Front	4,500
	Rear	8,800 + 8,800
Calculated Performance		
Max. Speed (km/h)		139
Max. Gradeability (tanθ)		0.299
Max. Turning Radius (m)		9.5

Model	HD210
ITEM	
Engine	
Model	D6GA2B / D6GA224
Type	Turbo Charger Intercooler
	4 stroke-cycle, water-cooled, direct-injection diesel engine
Number of Cylinder	6 in-line
Piston Displacement (cc)	5,899
Bore X Stroke (mm)	103 X 118
Compression Ratio	17.6 : 1
Max. Power (ps/rpm)	General Euro I Euro II~IV
	- - 225 / 2,500
Max. Torque (kg.m/rpm)	General Euro I Euro II~IV
	- - 65 / 1,400
Transmission	
Model	KH10
Type	6 forward and 1 reverse speed
Rear Axle	
Model	D4H
Capacity (kg)	8,800 + 8,800
Final Reduction Gear Ratio	3.909
Front Axle	
Capacity (kg)	4,500
Tire & Wheel	
Type	Single Front, Dual Rear
Tire	Front / Rear 245/70R19.5-14PR (U/Long)
Wheel	Front / Rear 245/70R19.5-14PR : 6.75 x 19.5

Technical drawings of the T260 truck configurations, showing front and side views with dimensions in millimeters.

**Pusher Axle Configuration:**

- Front View:** Width 1,870 mm, Height 2,350 mm.
- Side View:** Wheelbase 970 mm, Total Length 7,400 mm, Height 2,350 mm.

**Tag Axle Configuration:**

- Front View:** Width 1,870 mm, Height 2,350 mm.
- Side View:** Wheelbase 970 mm, Total Length 7,400 mm, Height 2,350 mm.

People's expectation toward individual mobility requires more than just a convenient means of transportation. The old understanding of cars has become outdated. A car represents individuals' lifestyles, and it became an integral part of their lives. At the same time, the automobile industry has experienced seismic change. Hyundai Motor Company has grown rapidly to become one of the largest automakers, backed by world class production capability and superior quality. We have now reached a point where we need a qualitative approach to bring bigger ideas and relevant solutions to our customers. This is an opportunity to move forward and we have developed a new brand slogan that encapsulates our willingness to take a big leap. Led by our new slogan and the new thinking underlying it, we will become a company that keeps challenging itself to unlock new possibilities for people and the planet.

## HD210 Less is More

Built to Hyundai's high quality and reliability standards, the HD210 is the perfect partner for your business. Inside, you get comfortable, durable seats and an ergonomic wraparound instrument panel that provides control over the vehicle.

### Coil Type Full Floating Cab Suspension

The cab rides on four coil-type mounts to isolate the driver from fatiguing road shocks and vibration. An air-type is optional.

1. Front Bumper
2. Door Safety Lamp
3. Air Intake Duct
4. Semi-sealed Headlamp
5. Aluminium Safety Steps
6. Door Handle

# Comfortable, Spacious and ready for all your business needs.

Everyone knows people work better in the best conditions. The interior of the HD is built to increase driver and crew satisfaction, to relieve long distance fatigue and stop and start stress. It was developed by driving professionals and proven over every kind of road imaginable. The foldable cable operated gearshift is light and precise. Fresh, but durable trim materials and a textured floor covering, excellent NVH (Noise Vibration Harshness) isolation, new wood grain fascia trim, LED lit switches and super clear instrumentation are all part of what goes into making every Hyundai HD a driver's first choice.

# Choose your cab, comfort and flexibility is built-in

Because transport and trucking covers a whole range of industries and services with differing crew needs, the Hyundai HD series offer a full range of purpose built cabs. All with the unique blend of long distance comfort and lasting durability you naturally expect from Hyundai.

## Air Control System

The heating, ventilation and optional air conditioning system is driven by a powerful fan and high efficiency compressor and heat exchanger. Air is delivered into the cabin at critical points to help keep the driver alert and comfortable regardless of the weather outside.

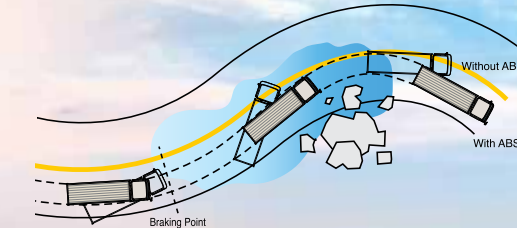

## Powerful, Dependable and Economical

Whether you choose one of the entry level inline naturally aspirated six cylinder diesels or top-of-the-range turbo charged intercooler Engine, each Hyundai engine combines top performance with impressive economy. Best of all, they are fitted with top specification injection pumps so they're easy to service, highly dependable and can be counted on for a long service life.

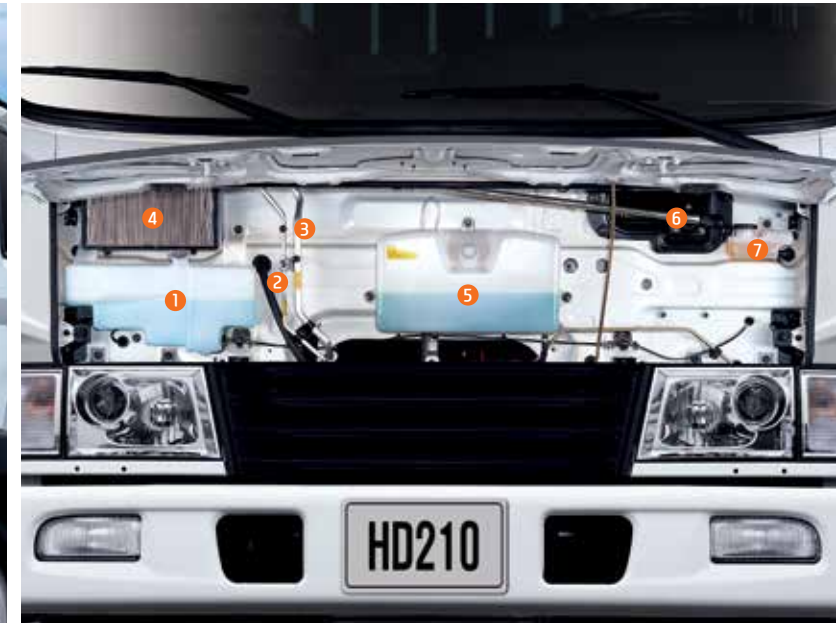

### Enlarged application of Double frame which added channels in main frame

Double frame is applied for all of carrying conditions to perform excellent durability of vehicle frame. Further, extended applying area of double frame from the following of transmission to the rear axle is not only strengthen junction of frame, but also prevent to sink frame from extended wheelbase.

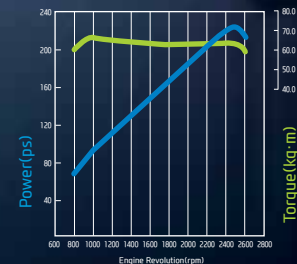

### ABS with ASR (Anti-Slip Regulator)

This ABS (Anti-locking Brake System) brings the vehicle to a safe, controlled stop and is particularly advantageous whilst driving under slippery road conditions. The driver can apply maximum pressure on the brake pedal without worrying about wheel lock, skidding and subsequent loss of control. With ABS/ASR, the driver can maintain full directional stability of the vehicle at all times and avoid potentially dangerous situations. (Optional)

- ① Window Washer tank ② Engine Oil Dipstick ③ A/Con Coolant Sight Glass  
④ Air Filter ⑤ Coolant Reservoir ⑥ Wiper Motor ⑦ Clutch Oil Reservoir

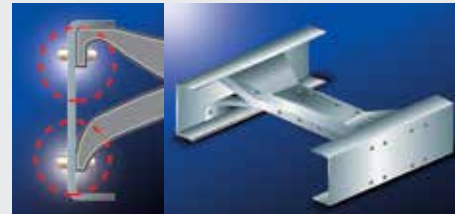

## New D6GA Engine

Euro II, Euro III, Euro IV

**225 PS**  
/2,500rpm

Displacement : 5,899cc  
Max. Torque : 65kg.m/1,400rpm

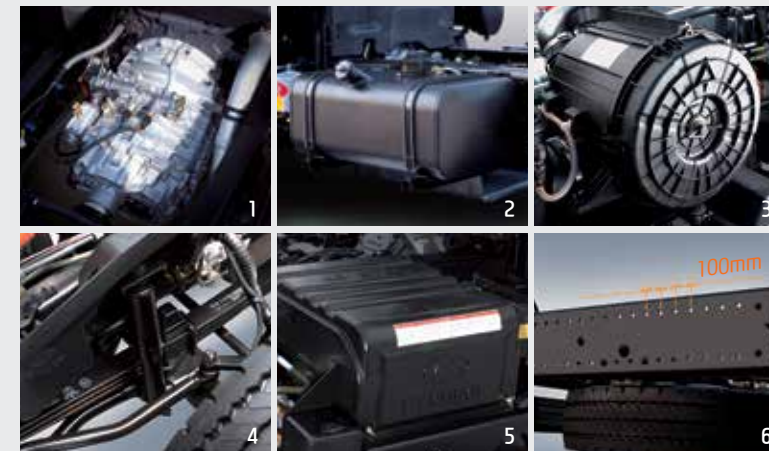

### Crossmember Reinforcement

And to achieve the highest possible rigidity and strength, Hyundai added heavy duty crossmembers which effectively distribute payload stress over the frame employed by an all-bolted construction technique.

- 6 Speed Manual Transmission
- Fuel tank
- Air Cleaner
- Front Shock Absorber
- MF120 Battery
- 100mm clearance in between holes on the side of main frame

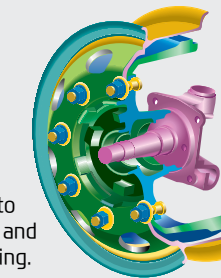

### Utilities

Hyundai makes checking fluid levels, fuses and the replacement bulbs easy. That's because the new HD series is all about convenience.

## Driving a Hyundai is Driving with Peace of Mind

Safety begins with an impressively durable and strong frame. That serves as the foundation for an allsteel suspension system and excellent ride and handling qualities. For superlative stopping power, Hyundai offers a full air braking system supplemented by an exhaust brake. ABS with Anti-Slip Regulator and front/rear auto brake adjusters can be ordered as options. For your security and peace of mind, the fuel filler cap is fitted with a lock and sliding lock cover.

### Hub Pilot Wheel

The hub pilot wheel is designed to optimize torque of the lock nuts and eliminate vibration for safer driving.

Side Impact Protection Beam

Drum brake with wide

Air Tanks

Gradual Control

### Auxiliary Starter

Auxiliary starter which is applied in the Hyundai truck offers special convenience to perform the inspection of engine

### Maintenance Lamp and Switch

The maintenance lamp and switch are located right beside the battery for improved convenience during night time repairs

### Tilting Cab

Servicing and regular checks are easier than ever thanks to the 45-degree tilting cab which provides quick and easy access to the engine compartment.
